About OmniUpdate, Inc.

OmniUpdate[®] is the leading web content management system (CMS) provider for higher education. The company focuses on providing an exceptional product and customer experience to its OU Campus[™] CMS users who manage more than 700 web and mobile sites in the U.S. and around the world. OU Campus is secure and scalable, server and platform independent, and seamlessly integrates with other enterprise campus systems. It provides college and university web developers, administrators, and marketers with the user-friendly tools and deployment flexibility they need to achieve excellence. For more information, visit .

About This Guide

The Page Templating Tutorial booklet provides step-by-step procedures for creating several template files from an HTML design file.

OU Campus Support

The Support site is available to everyone and users are encouraged to visit and browse the site for information. An institution's administrators are also available if the answer cannot be found on the Support site or further explanation and clarification is needed. Administrators may contact the OmniUpdate Support Team. Ways to access the OU Campus support documentation include:

- Support site: <http://support.omniupdate.com/>
- The help link in the main interface of OU Campus
- The WYSIWYG Help link
- Help links embedded in the system
- Text instructions are provide onscreen for specific fields and functionality
- OmniUpdate Community Network (OCN): <http://ocn.omniupdate.com/>

Conventions

Shorthand for navigation through the OU Campus CMS is indicated with a greater-than sign and bolded: > For example, Setup > Sites. Code snippets use Courier New and a shaded background.
