

OMNIUPDATE TRAINING TUESDAY

10.4 Updates

Presented By:
Brandon Scheirman
Instructional Designer

WebEx Event # **807 378 505**

Audio will be heard on your computer speakers.

*If you do not have working computer speakers,
call 1-408-792-6300.*

*Enter event number and
attendee ID or press # if no attendee ID.*

Webcast will start at the top of the hour.

A QUICK NOTE

OU Campus version 10.4 has not been released yet!
This is a “Teaser Tuesday” for new features.

Keep your eyes peeled in early February!

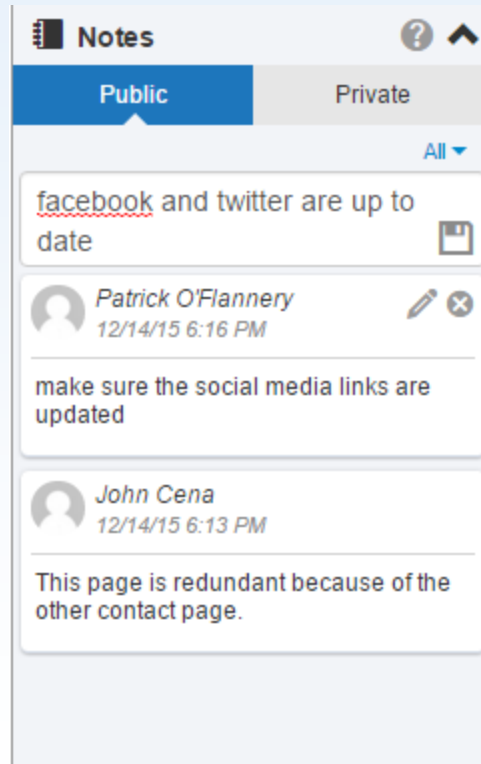

AGENDA

- Big Changes coming in 10.4
 - Notes Gadget
 - Bookmarks Gadget
 - Tag Manager
 - Changes to LDP Forms
- Live Demo in OU Campus

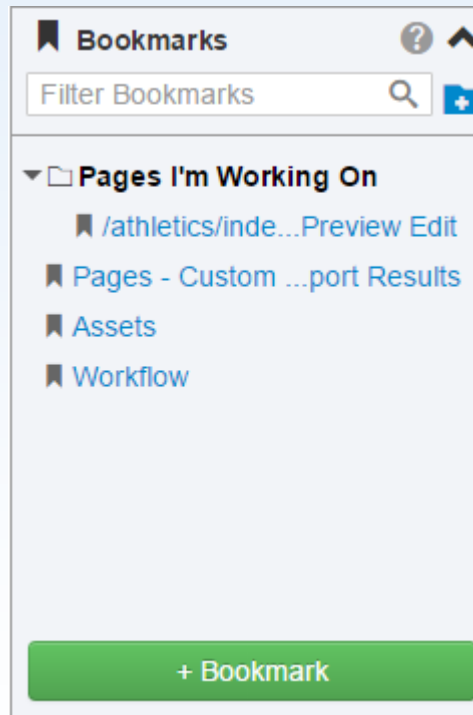

NOTES GADGET

- Lets you add private or public notes to a page

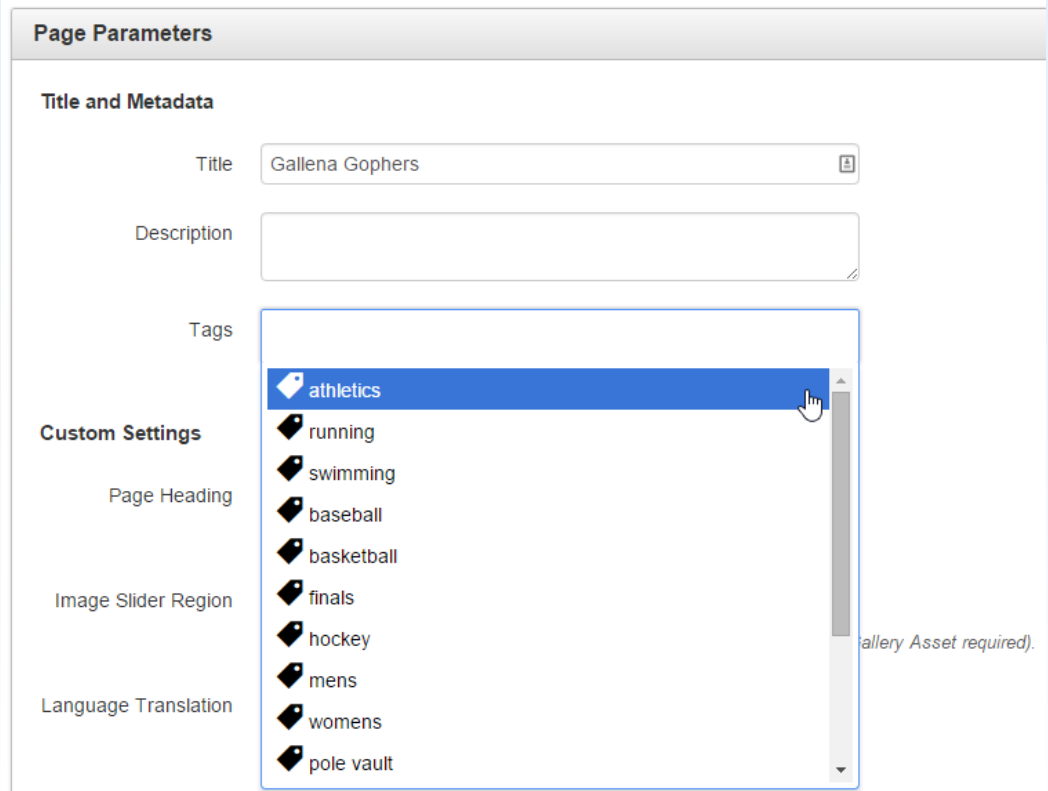

BOOKMARKS GADGET

- Lets you bookmark any URL in OU Campus for easy access

TAG MANAGER

- Tags can now be added to pages, binary files, and assets
- Use tags to easily find the content you need
- XSL can use tags to display dynamic content on pages

The screenshot displays the 'Page Parameters' configuration window. It is divided into several sections:

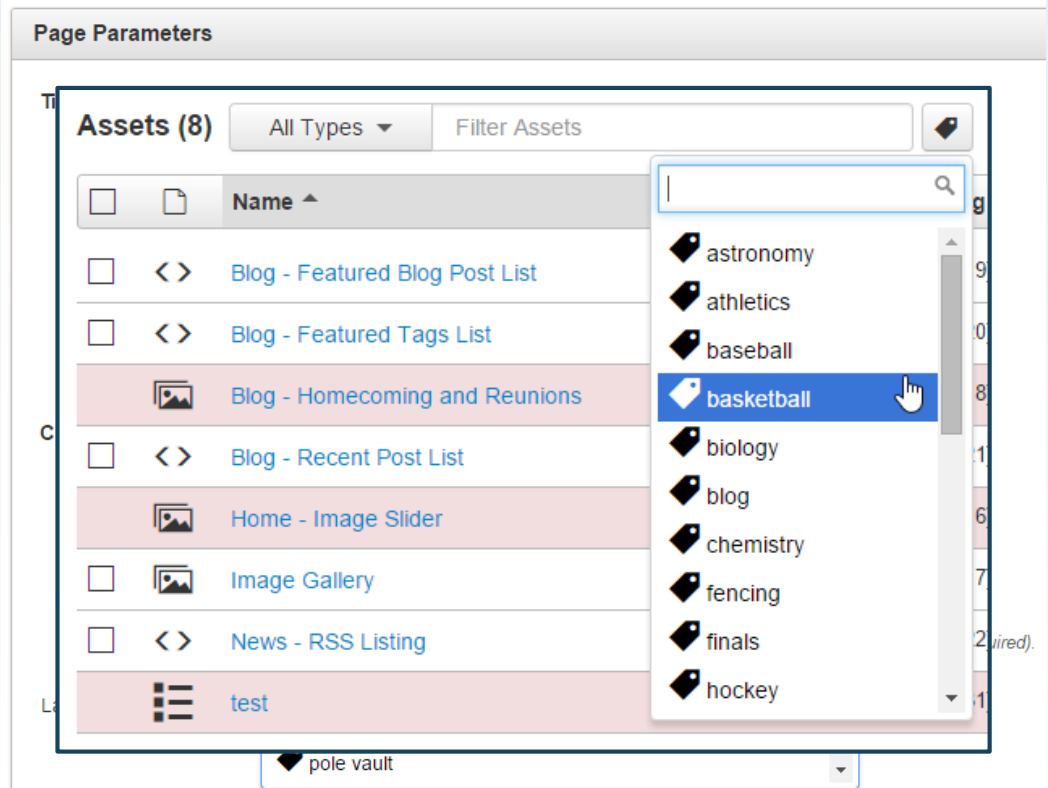

- Title and Metadata:** Contains a 'Title' field with the value 'Gallena Gophers' and a 'Description' field.
- Tags:** A list of tags is shown, with 'athletics' selected and highlighted in blue. Other tags include 'running', 'swimming', 'baseball', 'basketball', 'finals', 'hockey', 'mens', 'womens', and 'pole vault'. A mouse cursor is pointing at the 'athletics' tag.
- Custom Settings:** Includes fields for 'Page Heading', 'Image Slider Region', and 'Language Translation'.

A note at the bottom right of the tags list reads: 'gallery Asset required)'.

TAG MANAGER

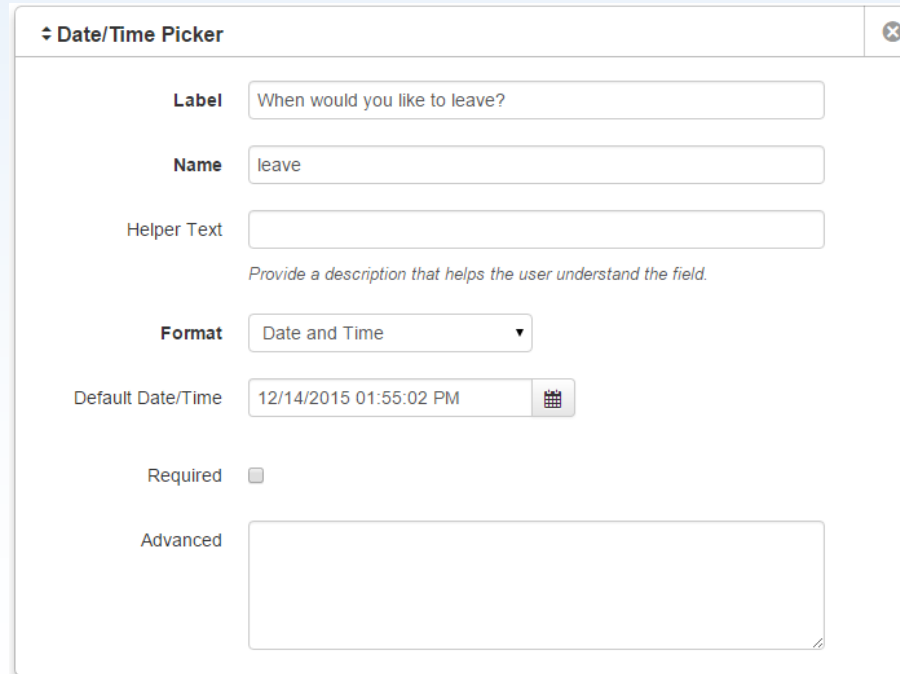

- Tags can now be added to pages, binary files, and assets
- Use tags to easily find the content you need
- XSL can use tags to display dynamic content on pages

LDP UPDATES

REQUIRES NEW XSL TO BE INSTALLED

- Date/Time Picker
 - Lets the user choose a date and/or time
 - Useful for choosing appointments or sign-in times, for example

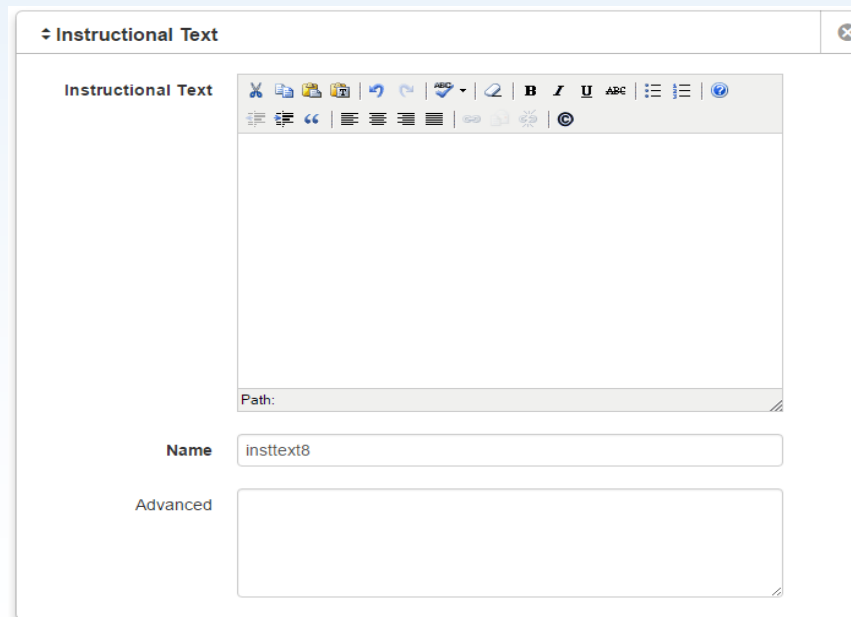

The image shows a configuration dialog box titled "Date/Time Picker" with a close button in the top right corner. The dialog contains several fields for configuring a date and time picker:

- Label:** A text input field containing "When would you like to leave?".
- Name:** A text input field containing "leave".
- Helper Text:** An empty text input field. Below it is a small italicized text label: "Provide a description that helps the user understand the field."
- Format:** A dropdown menu currently set to "Date and Time".
- Default Date/Time:** A text input field containing "12/14/2015 01:55:02 PM" with a calendar icon to its right.
- Required:** A checkbox that is currently unchecked.
- Advanced:** A large empty text area for additional configuration options.

LDP UPDATES REQUIRES NEW XSL TO BE INSTALLED

- Instructional Text
 - Uses a mini WYSIWYG editor to format text
 - Does not allow for submission of data

The screenshot shows a web form titled "Instructional Text". At the top, there is a header "Instructional Text" and a close button. Below the header is a rich text editor with a toolbar containing icons for undo, redo, bold, italic, underline, text color, background color, bulleted list, numbered list, link, unlink, and help. The editor area is currently empty. Below the editor is a "Path:" label followed by a text input field. Underneath that is a "Name" label followed by a text input field containing the text "insttext8". At the bottom, there is an "Advanced" label followed by a larger text input field.

FORM ELEMENTS

- Helper text can now be configured
- Required checkbox available for all elements

FORM SETTINGS

- Success and failure messages have more configuration options

The screenshot shows a 'Form Settings' dialog box with the following configuration options:

- Success Message:** A dropdown menu set to 'URL Redirect'. A green arrow points to the 'URL' input field below it.
- Failure Message:** A rich text editor with a toolbar. A green arrow points to the text area.
- Save Results in Database:** A checked checkbox with the note 'If unchecked, the results will not be saved.'
- Include CAPTCHA:** A checked checkbox.
- Submit Button Text:** An empty text input field with the note 'Customize the text within the submission button.'
- Advanced:** A large empty text area.
